

Are you energy efficient? Look how by changing to new LED lamps in your existing fittings you can reduce your electric bills without compromising the quality of lighting. Example: 6 X 12V 50W down lighters running cost: €336 a year. Change to 230V 3W LED and pay € 18 – €20 per year with an average lamp life of 50,000 hours.

Call A1 Safe Secure Electricians; we will come and evaluate your premises, supply and install the best option lamps at trade prices
